

WASHINGTON NEWS.

Blaine Wants An Investigation Relating to Foreign Matters.

Nomination—Influx of Chinamen—Sprague will Oppose Conkling.

Sweeping Investigation.

Washington, D. C., February 28.—There is a report that Blaine has requested his friends to move an investigation into the matters covered by the resolution reported from the Senate Foreign Relation Committee to-day. The investigation is sweeping in character, including the alleged loss of papers from the files of the department, and the alleged connection of all parties who hold official relations with the United States with the Peruvian claims or contracts. It is said Blaine regards such sweeping investigations as the surest means of disproving the insinuations as to his connection with these claims, and of showing that if any person in official life have interest in such claims they are not close friends of Mr. Blaine.

NOMINATED.

The President has nominated Frederick Solomon, Missouri, United States Surveyor-General of Utah.

BOUND TO STOP IT.

The Senators from the Pacific coast intend to press the Chinese bill for passage. They say from one thousand to fifteen hundred Chinese are landing at San Francisco daily, and that the people of the Pacific coast are arguing the passage of a law to stop further immigration.

SPRAGUE'S ARRIVAL.

Ex-Governor Sprague, of Rhode Island, reached here to-day, and it is said he has come to oppose the confirmation of Conkling.

Austro-Hungary.

Vienna, March 1.—A special delegate to the Jewish Alliance returned here from Brody, where he went to assist thirteen hundred Jewish fugitives to return to Russia. The mission was not successful, as it was learned if they were sent back they would be exposed to certain death. One hundred thousand florins will be devoted to defray the expenses of their emigration to America.

A washboard is not so ornamental as a piano, but they are a very useful article of furniture in a family, Susie.

The farmers are working like beavers, these pretty days. That's right. That's the way we made our start in the world.

Pyle & Gipson are putting up for D. N. Thompson, one of the most complete old ground rollers that has ever been introduced into Bates county.

Jaques Snyder, not the man that wanted a dog, will be tried before Squire Cannon on Wednesday, the 8th inst. for obstructing the public highway.

Dr. Lansdown told us yesterday, that he expected to commence the building of the new Olive Hotel about the first day of next month. Three cheers for the Dr.

We examined this morning a large stock of boots and shoes at McClintock & Burns', and were surprised to find prices so reasonable—almost as low as in New York or St. Louis.

Green, the rascally tax collector of Jackson county, Mo., will in all probability, be awarded a fifty years contract to serve the State of Missouri in the Penitentiary. Good for Green.

Miss Nettie Adams, the actress who was with the Western Theater company, during its engagement in the city, a month or more ago, died a few days since, in Fayette, Howard county, Missouri.

The Butler Laundry.

The Laundry establishment recently opened in the Lindell hotel building by Cummings & Railsback, is starting out with splendid evidences of success. Some find fault with the firm because their charges are a trifle higher than those charged by individuals, but when the character of their work is known, this objection will recede. There is now no doubt but what the work done in the Butler Laundry is fully equal to any executed in Kansas City or elsewhere. The lady who has charge of this establishment has no superior, and to convince one of this it is only necessary to call and see the work she does each day.

OUR BOYS CONCERT.

Their Effort Last Night Far Better Than Was Expected.

If there were any of our people who did not attend the concert of the Butler Band last evening, Thursday, because, as some would say, "it's nothing but home material," only the "Band boys," they certainly missed a treat, and every one in the large audience will bear testimony to the statement.

It is our disposition, always, to give home talent credit for its full merit, and it there was not rare musical and comical talent displayed in last night's entertainment, the reporter—and we shall presume to say the rest of the audience—are no judges of such accomplishments.

Out of the whole program there was not one performance that did not elicit the very heartiest applause, and fully one-half that brought forth repeated encores. Till Smith in the character of "Uncle Jefferson," was equal to many professionals, and in the judgment of all actually surpassed a recent rendition of "Going Home to Chole" in this city by a traveling artist. The ladies all think Till has a very sweet voice, especially for solemn things.

Chas. Meyatt, the comedian of the evening, surpassed all anticipation in that line, as he was successful in keeping the house in an uproar of laughter while on the stage. The duette—trombone and cornet—by C. B. and T. P. McFarland was received with very great applause, and the boys' gratification was expressed by the blushes that enlivened Tom's face when he appeared on the stage to acknowledge the second encore. The efforts of the full band, and the male quartette, were excellent and fully appreciated.

The next entertainment given by the Butler Band—if it should ever give another—those of our concert going people who were not present last night should not miss the opportunity when again offered. Our boys can well be proud of their effort.

Mr. Geo. Todd will, we understand, be the Secretary of the liquor dealers mutual aid association.

Horseback exercise is becoming quite fashionable in the queen city of the southwest. We noticed on yesterday evening quite a number of Butler's lasses utilizing the spring-like weather in this way. That's right young ladies, it is a graceful, healthful exercise.

Dr. Frazier's Root Bitters.

Frazier's Root Bitters are not a dram-shop whisky beverage, but are strictly medicinal in every sense. They act strongly upon the liver and kidneys, keep the bowels open and regular, make the weak strong, heal the lungs, build up the nerves and cleanse the blood and system of every impurity.

For dizziness, rush of blood to the head, tending to apoplexy, dyspepsia, fever and ague, dropsy, pimples and blotches, scrofulous humors and sores, tetter, ring worm, white swelling, erysipelas, sore eyes, and for young men suffering from weakness or debility caused from imprudence, and to females in delicate health, Frazier's Root Bitters are especially recommended.

Dr. Frazier: I have used two bottles of your Root Bitters for Dyspepsia, Dizziness, Weakness and Kidney Disease, and they did me more good than the doctors and all the medicine I ever used. From the first dose I took I began to mend, and I am now in perfect health, and feel as well as I ever did. I consider your medicine one of the greatest of blessings.
